

Antique Race Boat Regatta 2006

August 17 - 20, 2006

The Antique Boat Museum
1000 Islands • Clayton, New York

*Event Sponsor: Boat U.S. Marine Insurance
An American Power Boat Association (APBA) Sanctioned Event*

Entry Rules

Eligibility

Registration will be open to any **Motorized Power** race boat or individual engine/motor entry that was constructed for the purpose of competition in an organized race and which meets the classifications of historic, antique, classic or replica as defined by The Antique & Classic Boat Society and APBA Vintage and Historic Division.

Conditions and Rules

1. The entrant of any boat must agree to withdraw the boat from water operation if the **Safety Committee** makes such a recommendation based on any of the following:
 - a) Unsafe condition of the boat/engine/motor
 - b) Apparent substance abuse by the driver or crew
 - c) Unsafe boat handling practices by the driver
 - d) Persistent refusal of the driver to follow the directions of the Course Marshall
 - e) The boat and driver equipment does not pass APBA safety inspection.

Please Note: Life Jackets and Helmets are MANDATORY for both drivers and riders.
2. Each entrant must agree to hold harmless **The Antique Boat Museum, Boat U.S. Marine Insurance** and the **American Power Boat Association**. This is an APBA Sanctioned Special Event; Exhibitors must be APBA members. Include your number for verification.
3. While registration is open by invitation on a First Come, First Served basis, the Registration Committee will attempt to achieve a balance of age and classification of race boats for both **Water Operational** and **Land Display** classifications. The in-the-water berthing will be limited. However, there should be ample space for the land based crane and ramp launched race boats, display boats and memorabilia exhibits.
4. Any signage indicating that the boat is **For Sale** will not be permitted. A bulletin board will be provided for this purpose plus there will be a designated marketplace area where boats can be offered for sale.
5. The Registration Committee reserves the right to classify any boat/motor for display/identification purposes.
6. Items of race boat memorabilia to accompany the entry or to be used as an independent display are encouraged by the Race Boat Regatta Committee.
7. All **Water Operational** boats must provide sufficient pit crew to assist in launching, recovery and docking. Identifiable pit crew uniforms are encouraged.

DEADLINE FOR ENTRY: AUGUST 1, 2006.
